

ScanScope® GL System

Scan a slide in minutes with our single-slide ScanScope® GL system. Then view, manage, and analyze your digital slides with our Spectrum digital pathology information management software.

The single-slide ScanScope® GL is ideal for lower-volume environments.

CREATE, VIEW, EDIT

- Rapidly load and scan with one-button automation
- Create digital slides in multiple formats (TIFF, composite web slide)
- View and edit digital slides with our user-friendly and freely downloadable ImageScope™ viewing software
- Connect multiple, remote parties through digital slide conferences

MANAGE

- Manage digital slides, search data tables, and autopopulate fields with barcode data with Spectrum™, our web-based digital pathology information management software

UPGRADE OPTIONS

- Spectrum™ Plus software for securely managing slides in multi-user, multi-site environments
- Optional high-capacity server highly recommended for optimal performance
- Oil immersion scanning
- 2 by 3" slide scanning
